# DEDICATION

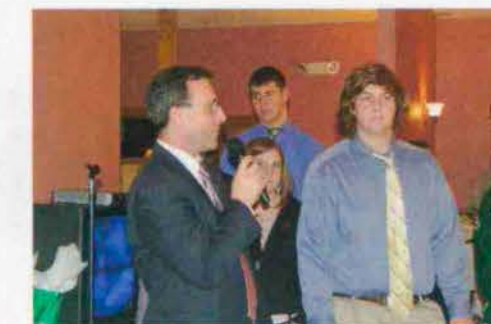

Dear Mr. Stevens,

We, the class of 2007, have voted to dedicate this yearbook to you because of your overwhelming support these past four years. Through our years here at MSJ, you have helped us to work forward so we might have a great future. You always welcome us with your charming sarcasm, helping us to continue through the day. Never once have you questioned that each and every one of us can reach our full potential, though sometimes we have given you no reason to believe so. You have helped us to realize that we can reach that potential and have encouraged us to reach the goals that sometimes overwhelm us. We thank you for all you have done for us and for our futures.

We will always remember,

Class of 2007

**Relationships.** *That's what life is all about. And that's what this book is about.* THINK ABOUT IT. What will be remembered are the people we met. The stories that will be told 10, 20, 30 years from now will be about the times spent together and the people who shaped them. The laughter and tears. The victories and losses. **Relationships** have a way of shaping who we are. The friendships made and the friendships lost are carried within us, shaping what each of us is about.

Numerous times I've heard people say that the relationships they made at MSJ were some of the most important ones of their lives.

All too often we fail to realize what people have meant to us until we have moved on and faced the challenges in another part of our lives. When looking through this book ask yourself these questions: Who are the people who have shaped who you are? What did they give to you? How did you impact their lives?

CAITLIN JOHN EDA Jason Heather Tom Corey Kellin Michael Becca Alex Megan Kayla CLINT Andrew John SUSAN Tyler Andres Slothan Adam Franklin Luke Reed Megan Jake Adam Jake John Reilly

This book is a celebration of what was, but it is also about letting go and moving on. In this way, the book is about the Class of 2007 and the varied futures that each member of the class faces. It is about their unique and varied selves – each different and with much to offer the world that they enter after leaving the Mount.

**Relationships change. People move on.** But each of us is always **WELCOME BACK** to the Mount to tell the stories of the past and to share all that's happened since leaving. **Be well.**

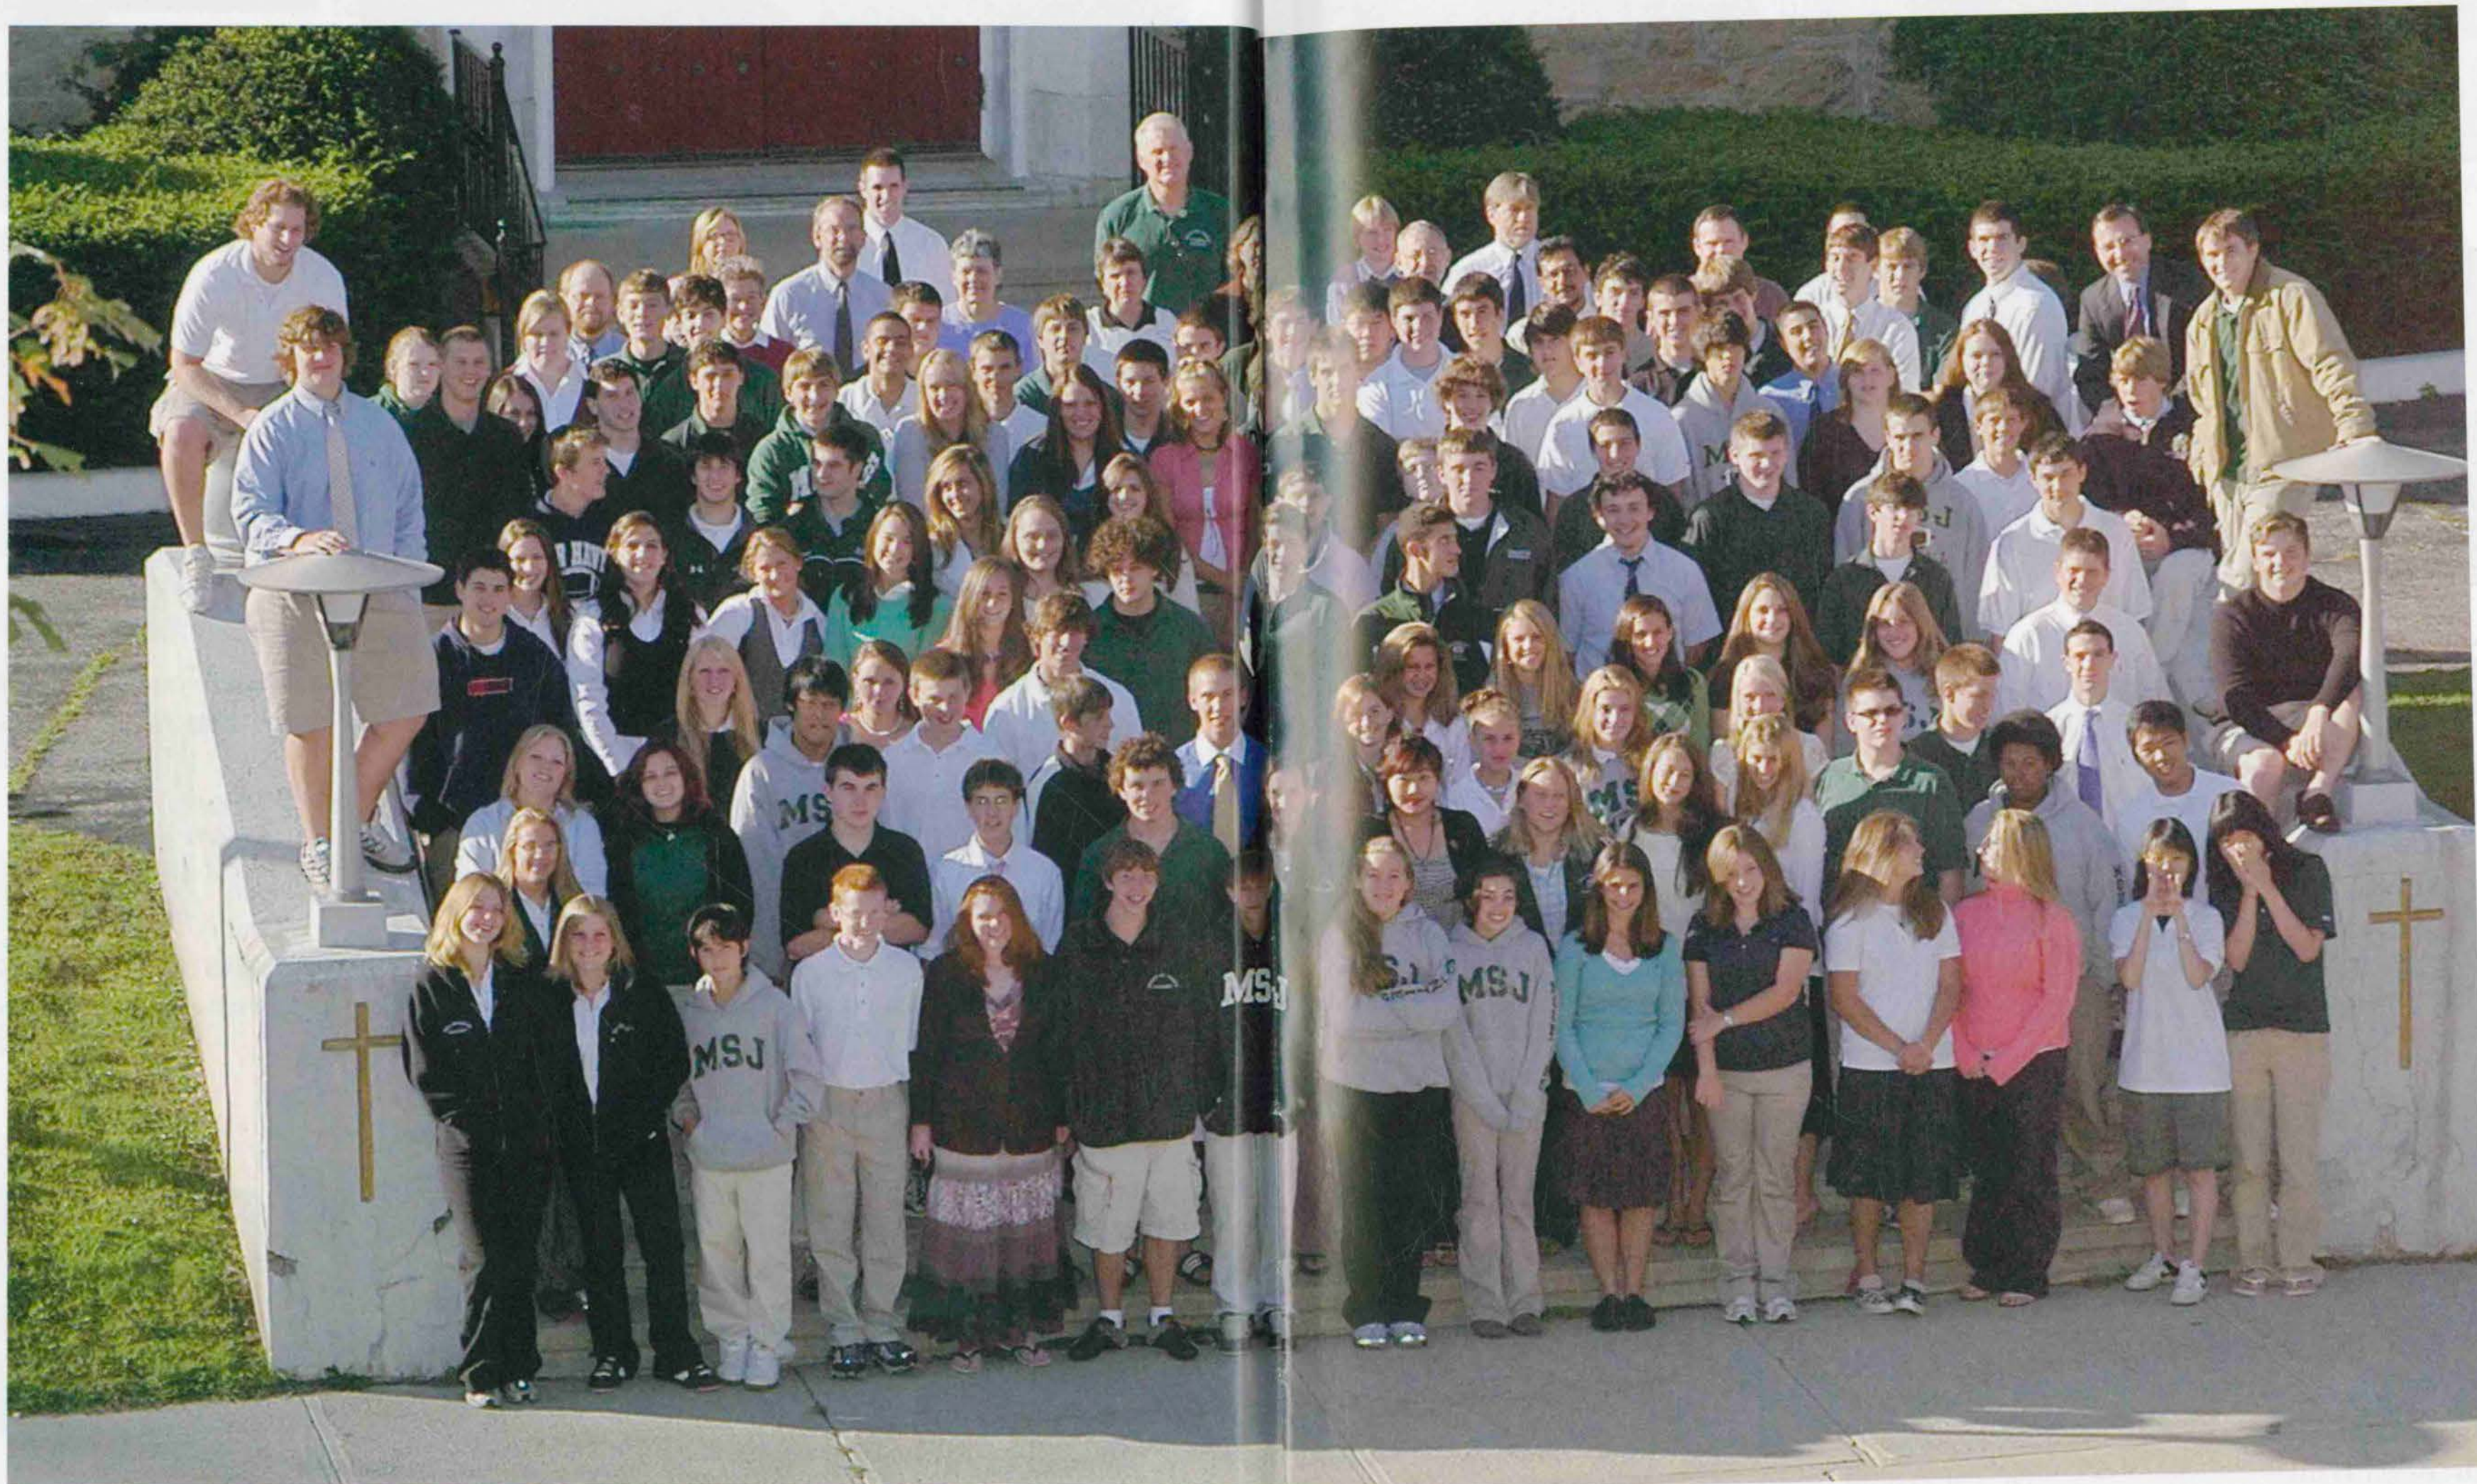

Peace and all good, MR. Z.

# St. Joseph's Day Honorees

On March 19, the Solemnity of St. Joseph, the following members of Mt. St. Joseph Academy were honored: Eda LaPlace ('07), Andres Löffsner ('07) and Mr. Charles (Chip) Stevens (Guidance).

Each year two members of the senior class and one faculty or staff member are presented with a St. Joseph Award. The faculty select the senior honorees and this year the senior class chose the faculty/staff honoree. Honorees are selected for representing one or more of the virtues or qualities of St. Joseph. These include a living faith in Jesus the Christ, humility, caring for others, risking self for the sake of what is good.

This year each honoree was awarded a bronze plaque of St. Joseph holding the Christchild. The palques were made in Germany and donated by Dr. Anton Donoso.

# PROJECT HELP

## MSJ's Project Help draws record response

SARAH HINCKLEY Herald Staff

As many school children participated in lessons about the meaning of giving this holiday season, the students of Mount St. Joseph Academy were learning about it firsthand. Wednesday morning 36 cars filled with students, staff and parents fanned out through Rutland to deliver the largest collection of donated food and presents Project Help has ever seen.

No one knows for sure the date the project was born, but the person who launched the effort is well-known. Howard Shortsleeve began what would become Project Help when he was a senior at MSJ in 1964, according to school officials.

"I think our class was the first class to formally have Project Help," said Tom LaPlaca, who graduated in 1966. "It wasn't our class' idea but we went with it."

When Shortsleeve started the project, about 10 people volunteered, he said.

"In those days we just went around door to door," said LaPlaca whose daughter, Eda, an MSJ senior, was the lead organizer of this year's event. "Eda said they had more food than ever this year. It's really grown. It's really a big deal now."

A little after noon Wednesday, as students were clearing out of the school after a morning spent delivering boxes, remnants of the project could be seen in the gym and library, where a few packages were waiting to be picked up.

"This is the most successful Project Help we've ever had because of the community," said Sarah Fortier, a teacher at MSJ and chairman of the Student Life Committee.

Donors gave so generously that the project was able to provide nearly 200 families with baskets filled with presents and food.

Catholic Charities gave organizers a list of names of the needy. Eda LaPlaca reached further into the community, calling churches, schools, the women's shelter, the Open Door Mission and the Rutland Community Cupboard to find out who would need help during the holiday season.

Each of the shelters received boxes of goods, as did individuals and families.

"We took whatever came to us," said Eda LaPlaca, adding that local businesses donated funds and sold food and basket items at discounted prices.

When the dust settled, organizers were left with a \$5,000 surplus that they plan to use to start next year's Project Help.

"I was amazed at how many businesses were willing to donate money," said Megan Devinny, an MSJ senior and a member of the Project Help Committee.

People who donated to this year's drive started dropping things off in the MSJ gymnasium Sunday, or left items at the front door for collection Tuesday. That same day a delivery truck from Vermont Country Store delivered clothes, ornaments, food and other donated items. The company also donated \$1,000.

"Vermont Country Store will make happy families this year," said Eda LaPlaca, who as the head of the Project Help Committee worked with about 15 student committee members. "We've been so fortunate this year, we really have. I've always participated in Project Help but this is the first year I've run it." In fact, the entire student body participates in the effort, which took six weeks of preparation and nearly four full days of execution.

"It's a natural high for us because you know you're helping other people," said Fortier. "Everyone did a lot - with a smile on their face, which makes it that much better."

When the day was ending, Devinny was reflecting on the experience and said she wished efforts like Project Help were year-round activities. She was touched by the people the program helped.

"They were so thankful, one woman said 'God bless you,'" said Devinny. "It makes you really grateful for all the presents that you get to go home to."

# Boys State

**Reilly Hart, Andrew Reilly, Franklin Turso**

American Legion Boys State is among the most respected and selective educational programs of government instruction for high school students. It is a participatory program where each participant becomes a part of the operation of his local, county and state government.

Boys State has been a program of The American Legion since 1935 when it organized to counter the Fascist inspired Young Pioneer Camps. The program was the idea of two Illinois Legionnaires, Hayes Kennedy and Harold Card, who organized the first Boys State at the Illinois State Fairgrounds in Springfield.

At American Legion Boys State, participants are exposed to the rights and privileges, the duties and the responsibilities of a franchised citizen. The training is objective and practical with city, county and state governments operated by the students elected to the various offices. Activities include legislative sessions, court proceedings, law enforcement presentations, assemblies, bands, chorus and recreational programs.

High school juniors are selected by local American Legion Posts to attend the program. In most cases, expenses associated with attending this program are paid by a sponsoring American Legion Post, a local business or another community-based organization.

The Office of Student Life took on many responsibilities including Project Help, The 2007 Girls Retreat, The Back To School Retreat, school dances, movie nights, and many other fun activities.

## Rutland overpowers pesky MSJ

Author: TOM HALEY Herald Staff

The game normally is not that competitive and it certainly wasn't on Saturday night at Alumni Field as Rutland defeated Mount St. Joseph 5-0 and outshot them 47-2 in girls soccer action. But the game is still special to those who play it.

"It's a big tradition. I'm sad that it's my last one," Rutland senior captain Heidi Robbins said.

## MSJ big plays topple St. Jay

The difference in Mount St. Joseph's 16-9 nonleague victory over St. Johnsbury Academy here Saturday was two big plays.

Willy Hadeka ran a punt back 67 yards to set up his own 1-yard touchdown run on MSJ's first offensive series. Hadeka then raced 51 yards on an option keeper in the later stages of the second period.

Hadeka found Mark Comstock with a pass for the first two-point conversion and then connected with Adam Holtman for the second two-pointer.

The win was ironic since MSJ (4-4, 1-4) is not bound for the playoffs but paid St. Johnsbury back for a loss suffered at St. Peter's last year when it was gearing up for its playoff run. This year, it's St. Johnsbury (5-3, 5-1) that is headed to the Division II playoffs while the Mounties have only their rivalry game with Rutland to look forward to.

## First half does trick for MSJ

It was a tale of two halves for Mount St. Joseph on opening day at St. Peter's Field.

Alex Spanos scored three touchdowns to spearhead an offense that clicked with efficient regularity, while the defense was unyielding in the first 24 minutes. But in the second half, the Mounties fumbled and bumbled on offense, while the defense was put in difficult situations. Still, MSJ held on to a 21-14 victory in a nonleague football game played between the state's only two Catholic high schools.

WINDSOR - The final score of the Mount St. Joseph-Windsor girls soccer game Wednesday at MacLeay-Royce Field was 1-1, but it was not one of those ties that sort of pleases both coaches. Windsor had a 14-3 edge in shots and 13-2 in corners so Windsor coach Jim Ewald had a look of frustration while MSJ coach Sarah Fortier had a smile. The main reason that Fortier had a grin was that this tie came while using freshman goalkeeper Logan Cavanaugh, who was put under the gun when senior net minder...

## Meeting No. 72 is just for pride and bragging rights

Author: BOB FREDETTE Herald Staff  
Date: October 27, 2006  
Publication: Rutland Herald (VT)

Forget about the playoffs. No one's going anywhere as a result of this game. For the first time in heaven knows how many years, tonight's Rutland-Mount St. Joseph football game has the luxury of being all about pride and the essence of a rivalry in this football-crazy community. The teams will meet at 7 p.m. at Alumni Field as the Raiders look to win their seventh straight City Series game and the Mounties for a satisfying end to a frustrating campaign.

## MOUNT CRUISES TO WIN

The D-I Mounties ran roughshod over the D-III Minutemen on offense, while its defense rudely dismantled the Mill River offense and accomplished a 42-8 rout in just a little over 30 minutes of football here Saturday.

The Mounties rolled up 324 yards rushing and completed their lone pass for a 35-yard touchdown. MSJ coach John Callahan used his starters for the first half and about 5 minutes of the second half before shuttling in JVs and freshman to finish the game.

Alex Spanos (11 carries, 91 yards) romped to three rushing touchdowns on runs of 7, 8 and 16 yards and added a 35-yard TD catch from Willy Hadeka. John Holtman (7 carries, 52 yards) chipped in a pair of touchdowns on runs of 6 yards apiece. Hadeka (6 carries, 55 yards) and Luke Steinke (8 carries, 55 yards) also ran free and easy. The win halted a two-game losing streak for the Mounties (3-2, 1-2). But more importantly, one of MSJ's best players, Jason Foster, returned from a concussion and neck injury he sustained in the second game. Foster's loss was evident and his return bolstered both the offensive and defensive lines for the Acads.

## WINDSOR PUSHES PAST UNDERMANNED MSJ

Author: POODY WALSH Herald Correspondent  
Date: September 15, 2006  
Publication: Rutland Herald (VT)

WINDSOR - Windsor took advantage of an undermanned Mount St. Joseph squad to post a 5-0 win over the Mounties Thursday in a Division III boys soccer tilt at MacLeay-Royce Field. The one-sided loss it did not distress MSJ coach Heather House, who vowed that her Mounties will get better. "They had 15 seniors and we had two," said House, who had only 13 healthy bodies for the game. "When we get everybody here and healthy we're going to turn some..."

## Raiche FG lifts MSJ over Essex

Down 14-0 after a miserable first half of mistakes and missed opportunities that took Mount St. Joseph totally out of its game plan, the defending Division I champs somehow got it together and pulled off one of the biggest comebacks in their storied football history.

John Raiche's 23-yard field goal with 6:14 remaining in the fourth period lifted the Mounties into their first lead and the MSJ defense toughened and shut down the Hornets to post a 16-14 victory in Division I football action Friday.

The win is bittersweet since MSJ captain and defensive lineman supreme Jason Foster was carted off the field with an apparent neck injury with 4:22 remaining in play. Foster did not move for a while but it was reported by MSJ team doctor Thomas McCormick that he was "looking pretty good; he had movement in his arms and legs." After a 20-minute delay during which the ambulance came and attended to Foster, he was wheeled off the field but he held up his right hand with his index finger pointing skyward.

## Year in Review

**2006-2007 IS THE YEAR OF THE PEOPLE!** People marched, demonstrated, fought, argued and voted to make their voices heard. People put the Democrats in control of Congress. People demanded an exit strategy from Iraq. Immigrants marched to show how valuable they are to the American economy. Scientists destroyed (okay, demoted) a planet. And screaming, text-messaging fans took a grey-haired soul man and turned him into an American Idol.

**We became the media.** MySpace, Facebook, YouTube, and SecondLife were the places to see and be seen. And since it was difficult to leave your house when you lived online, we relied on iTunes, Blockbuster and Netflix to deliver movies directly to our doors. DVRs and online downloads let US determine when we would watch our favorite TV shows. And our increased online music purchases have further crippled the sales of compact discs.

**We grew and we learned.** We discovered that dark chocolate was good for lowering the blood pressure, while Cherry and Mint Chocolate were good for making calls. We found out that high school was a lot more fun as a musical. We used our purchasing power to fight AIDS in South Africa, and we bought David Beckham for \$50 million. We declared war on global warming, and were relieved when the only hurricanes to hit the east coast this year brought home the Stanley Cup.

**And we finally got some recognition.** For our impact on the world in 2006, we the people were named Time magazine's "Person of the Year." And for good reason: this year's accomplishments will shape the future. They will forever affect our daily lives. And they will live always in our hearts, in our minds, and in the pages of this yearbook.
